What Others Are Saying . . .

Chris recently held a 2-day seminar with 45 of the UK coaches. The event was truly inspiring... Chris took on board the requirements of the group, allowing the preplanned content to take on board input from other coaches. It would have been all too easy to push the agenda and his prepared presentation, but he did not. These two days have been an incredible opportunity. Chris has facilitated an amazing amount of learning and of sharing best practice.

Paula Cohen, Owner
Panoramic Business Coaching Limited, North West UK

Chris, you are one amazing person. Your enthusiasm and knowledge make the learning process so enjoyable—I can't wait for the next workshop!

George Hannides, Central Midlands UK

Chris has an amazing ability to use his natural passion for helping people. Great leaders lead from the heart and his inspiration this weekend has engaged so many people to participate, creating huge learnings and excitement as well as pride for being part of this amazing community.

Neil Woodall, Business Coach, North West UK

Every time I've had the pleasure to listen to Chris Steely speak, I walk away feeling a renewed sense of passion and energy. His ability to be empathetic, yet firm, makes him a tremendous coach and mentor. Thanks for helping and encouraging my personal breakthroughs! Thanks, Chris!

Thanks, Chris. This is some of the best training I have been on. Your ability to facilitate a group and gain 110% participation is inspiring - I have learned so much from you. You are an example of best of breed, but more importantly, you let the group teach by personal example, which just blew the room away. Can't wait 'til the next time I get a chance to experience your presence again.
